

## 4. AVAILABLE INFRASTRUCTURE FACILITIES

Infrastructure is an essential component of any institution and paves the way to educational enrichment by opening up immeasurable possibilities.

- 1. Learning Facilities:** We have TL materials, Spacious Seminar Room, Mutipurpose Hall, Leisure Room, etc. Latest technology and equipments enhance the experience of learning and make the process worthwhile.

### SEMINAR HALL

- 2. Recreational Facilities:** The well-built courts for basketball, volleyball, badminton, etc. for students to pursue a career in Sports and make their institution proud of their endeavours and achievements, meanwhile investing in their growth and betterment through various means. Yoga is highly beneficial towards incorporating a healthier routine in the lifestyle of students. The promotion of recreational activities aids in the spiritual and physical growth.

**3. Going Green :**

We encouraged our students towards adopting an environment friendly lifestyle like using paper bags, riding bicycle, going for organic food, etc. The infrastructure of the campus includes the latest technologies like water harvesting, utilizing solar energy to generate electricity, etc. A vegetable farm is cultivated for healthier food options. The rejuvenating green lawns with bloomed flowers to enhance the beauty of the campus.

**4. Classroom Model:**

A class-room is an essential component of the process of receiving education. We have aerated class-rooms with projectors, smart study boards .Wide and airy windows to lighten up the classroom to pave way for fresh air.
